Allow yourself to be led by your feelings.
Especially when choosing accessories.

1

Showing their dynamics even before the journey begins.

Exterior accessories for the BMW 3 Series.

You can recognize an Original BMW alloy wheel at first glance. What you can't see immediately is that every alloy wheel has undergone exceptionally rigorous and extensive testing prior to its launch in order to provide the correct material quality and to ensure that each wheel conforms to the highest standards in terms of functionality. Original BMW alloy wheels have dazzling looks as well as offering excellent driving and handling performance.

1+2 Aerodynamic kit for the BMW 3 Series Saloon

Front apron, side skirts and rear apron enhance the dynamically modern look of BMW 3 Series Saloon models manufactured up to September 2001. As an alternative, the M aerodynamic kit (see p. 25) is available for all 3 Series Saloon models, irrespective of the date of manufacture. The **rear spoiler** (Fig. 2) further accentuates the dynamic lines of the car.

1+2 Cross spoke composite wheel 78

18-inch, casting/rolling technology. Two-part with titanium bolt. Burnished rim flange.

3 Exhaust pipe finisher

Available in chrome (Fig. 3) and black (not shown).

4 Sport rear silencer

Designed to reinforce the powerful sound of the BMW 3 Series. With mirror-finish stainless steel twin tail pipes.

2

3

4

1

1+2 Aerodynamic kit for the BMW 3 Series Touring

Rear apron, side skirts and front apron underline the sporting character of BMW 3 Series Touring models manufactured up to September 2001. An M aerodynamic kit (see p. 23), which can also be fitted on models manufactured from October 2001 onwards, is also available.

1+2 Roof railing

Perfectly matched to the overall design of the BMW 3 Series Touring.

1+2 Star spoke 64

16-inch, cast.

3+4 White direction indicators

Available for front, rear and sides. Emphasize the unique lines of the BMW 3 Series.

4 Titanium trims for headlights

These trims accentuate the powerful shape of the BMW headlights, which can be enhanced further if specified in conjunction with white direction indicators.

2

3

4

1

1-3 Aerodynamic kit for the BMW 3 Series Coupé

The front apron, side skirts and rear apron further enhance the dynamically elegant lines of the BMW 3 Series Coupé. Alternatively the M aerodynamic kit (see p. 25) is available. The **rear spoiler** (Fig. 2+3) adds a further powerfully sporty dimension.

1+2 Double spoke 125

18-inch, cast.

4 Rear lights with LED technology

Have a higher light intensity and look simply dazzling. For the BMW 3 Series Coupé and Convertible. A third brake light with LED technology is available for the BMW 3 Series Convertible.

2

3

4

1

1+2 Aerodynamic kit for the BMW 3 Series Convertible

Front apron, side skirts and rear apron enhance the elegantly sporty lines of the BMW 3 Series Convertible. Alternatively the M aerodynamic kit (see p. 24) is available, with a **rear spoiler** (Fig. 2) adding a further flourish of sportiness.

1+2 Radial spoke 50

17-inch, cast.

2 Hardtop for the BMW 3 Series Convertible

The aluminium hardtop in body colour gives the Convertible a unique appearance, and increases in-car comfort in the winter months. The hardtop incorporates a heated tinted-glass rear window and rear reading lights. The attachments for the multi-functional BMW roof rack system can be fitted to the hardtop in conjunction with the matching BMW base support system.

3 Universal lift and adapter

The universal lift and matching adapter enable a single person to effortlessly fit or remove the hardtop or BMW roof boxes and store them under the garage roof.

4 Hardtop storage

A **hardtop roller carrier** (Fig. 4) and a **cover with integrated wall bracket** (not shown) are available.

5 Wind deflector for the BMW 3 Series Convertible

Reduces air turbulence in the car's interior, thus enhancing ride comfort. Also available without BMW lettering.

2

1

2

1+3 Aerodynamic kit for the BMW 3 Series Compact

Front apron, side skirts and rear apron all help enhance the sporty, modern appearance of the BMW 3 Series Compact. An M aerodynamic kit (see p. 25) is also available. The **rear spoiler** (Fig. 3) adds an extra dimension to the car's exciting and powerful contours.

1+3 Titanium Line exterior

The titanium rubbing strips along the sides of the car and on the front and rear bumpers perfectly compliment the design of your BMW.

1+3 Direction indicators and rear lights in chrome

Make the BMW 3 Series Compact look even sportier.

1+3 Starspoke 89

17-inch, cast.

2 Front grille in chrome

Edging and longitudinal bars of the kidney grille in chrome.

4 Rear window wiper for the BMW 3 Series Compact

Improved safety thanks to a clear view to the rear.

3

4

1

Enticing, captivating, dynamic.

M exterior accessories exude an irresistible appeal.

1+2 M aerodynamic kit

The M front apron, M side skirts and M rear apron bring out the sporting pedigree of the BMW 3 Series.

1 M double spoke 68

17-inch, cast.

2 M V spoke 72

18-inch, cast.

2

1

2

3

1,4+5 M aerodynamic kit

M front apron, M side skirts and M rear apron combine to give BMW 3 Series a sporty appearance, which is enhanced still further by the **M rear spoiler** – for Coupé and Saloon only.

1 M cross spoke composite wheel 101

18-inch, casting/rolling technology. Two-part with titanium bolt. Burnished rim flange.

2 Aerodynamic components for the M front apron

Handmade carbon attachments at the left and right of the M front apron enhance the sportiness and dynamic presence of the BMW 3 Series Convertible and Coupé.

3 Aerodynamic component for the M rear apron

The carbon diffuser incorporates additional cutting-edge racing technology into the contours of the M rear apron. Only available for the BMW 3 Series Convertible and Coupé.

4 M double spoke 97

17-inch, cast.

5 M double spoke 135

18-inch, cast.

4

5

All drivers have their own individual tastes.

BMW interior accessories provide the right solution.

1 Leather-covered sport steering wheel with decorative trim in an aluminium pillar design

Leather-covered sport steering wheel with decorative trim (not shown)

Decorative trims are available in a variety of colours. More information available on request.

1-8 Interior trim strips

Each interior trim option consists of trim strips for the dashboard, centre console and doors. There is a wide range to choose from: **aluminium pillar** (Fig. 1), **Black Cube aluminium** (Fig. 2), **brushed U-Turn aluminium** (Fig. 3), **Shadow aluminium** (not shown), **embossed Techno Dots aluminium** (Fig. 4), **matt chrome** (Fig. 5), **titanium** (Fig. 6), **Moon Grey** (Fig. 7), **body colour** (not shown) or **Cube Silver aluminium** (Fig. 8).

9 Handbrake grip in cross-brushed aluminium

The perfect complement to any of the various aluminium trim strip finishes.

10 Handbrake grip in matt chrome

Further complements the matt chrome trim elements.

11 Aluminium footrest

Adds a further bold touch in the footwell.

11 Aluminium pedal pads

Sporty appearance and extra safety when driving thanks to the non-slip surface.

1

1-5 Interior trim strips in fine wood

Made from high-grade wood, these exclusive trim options consist, depending on the model and the year it was manufactured, of interior trim strips for the dashboard, the centre console and the doors. Available in **maple** (Fig. 3), **eucalyptus malt** (Fig. 4), **birch** (Fig. 1), **myrtle** (Fig. 2) and **smoke-grey poplar** (Fig. 5).

2+6 Handbrake grips

Available in myrtle (Fig. 2) and maple (Fig. 6), they make the perfect complement to the fine wood interior trim.

2

6

3

4

5

1 Wood/leather-covered steering wheel

This striking wood/leather-covered steering wheel comes in a choice of maple (Fig. 1) and myrtle (not shown). For steering wheels with or without multifunction option. Diameter 375 or 385 mm.

2 Wood/leather-covered sport steering wheel with decorative trim

An ideal complement to the fine wood trim: a steering wheel with decorative trim in maple (Fig. 2) or myrtle (not shown). With or without multifunction option. Diameter 375 mm.

3 Leather-covered sport steering wheel with decorative trim in fine wood

Available in a choice of maple (Fig. 3), birch (see p. 28) or myrtle (see p. 29). For steering wheels with and without multifunction option. Diameter 375 mm.

4+5 Leather-covered sport steering wheel, black

With and without multifunction option. Diameter 385 mm.

6 Leather-covered sport steering wheel with decorative trim in matt chrome

Matches the matt chrome interior trim strips (see p. 27). Also available to match BMW interior colour schemes. For steering wheels with and without multifunction option. Diameter 375 mm.

6 Multifunction option for steering wheels

Operation of cruise control, radio and telephone from the steering wheel.

8

12

13

1 Sport seat

The longitudinal position, seat height, seat angle and thigh support are individually adjustable, while raised side bolsters keep the occupants in their seat even when cornering.

2 Centre headrest in rear

Offers increased safety in conjunction with the **three-point belt**. Available in fabric and leather.

3 Belt holder

Attaches quickly and simply to the head rest bars, ensuring the belt is easily reachable in any sitting position.

Belt extension (not shown)

The front seat belts can be extended by up to 20 cm.

4 Front armrest

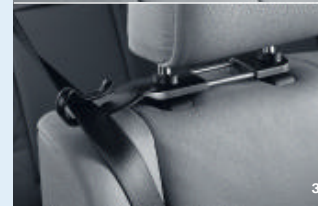

Can be folded away. With integrated storage compartment.

5 Multifunctional rear centre armrest

With integrated storage compartment and drinks holder.

6 Front seat heating

The seat surface and back begin warming up a short way into your journey. Three switch settings allow variable heating.

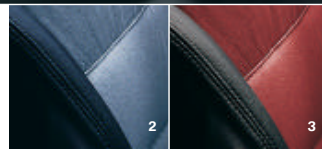

1-3 Leather trims

In addition to meticulous tanning, exceptional suppleness is a very important quality of the leather trims. The front seats, the rear seat bench, the headrests and – as an additional option – the centre armrests, are upholstered with high-quality, hand-stitched leather. Available in classical **Unicolor leather trim** (see p. 34, Fig. 1) or **Bicolor leather trim** (Fig. 1-3), with the central seat panels and headrests offering a colour contrast to the side bolsters.

Leather door lining (not shown)

Depending on the model, the door linings are also available in a range of different colours.

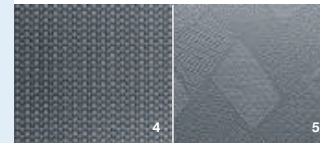

4-5 Seat covers

To perfectly match the interior of your car.

Lambskin seat cover (not shown)

BMW Design seat cover (Fig. 4)

Sport seat cover (Fig. 5)

6 Glasses compartment

Accommodated in the centre console.

7 Halogen reading lamp

An anti-dazzle light suitable for map reading. The bending arm allows you to adjust the light beam in any direction.

8 Torch

With magnifying glass. This small torch with rechargeable battery can be connected to the cigarette lighter and charged.

9 Storage compartment with roller cover

This compartment, to which a coin box or cassette box can be added, can be closed with a roller cover.

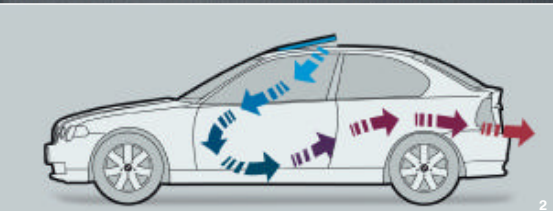

10 Drinks holders

In the centre console. Different combinations of drinks holders and storage options are available. These include drinks holders with a cassette box (Fig. 10) or with a coin box (not shown).

1

2

3

4

5

1+2 Solar ventilation

Six fans in the glass slide/tilt sunroof provide a pleasant in-car balance of air and temperature. The fans are powered by solar panels, reducing the strain on the car battery. Solar ventilation can be used as independent ventilation when the car is parked, reducing interior temperature by 15 to 20°C, or as auxiliary heating when the car is moving.

3 Automatic climate control

Ensures that the preferred in-car climate is reached as quickly as possible and maintains a preselected temperature, which can be set in increments of 0.5°C.

4+5 Sun screen

Electrically and manually operated **rear window roller blinds** (Fig. 4) are available for the BMW 3 Series, as is a **sun screen for the side windows** (Fig. 5).

6 Independent heating/independent ventilation

Generates comfortable warmth inside the vehicle before you start a journey in the winter months. The engine is protected, and fuel consumption reduced, by the preheated cooling circuit during the startup phase. For some model variants, independent ventilation is also available, providing a significantly more pleasant climate by exchanging the heated air before the car is driven. Can be activated via the **multifunction clock, remote control** or **ThermoCall**.

7-11 Floor mats

Dirt-repellent and water-resistant. Available in anthracite, grey and beige.

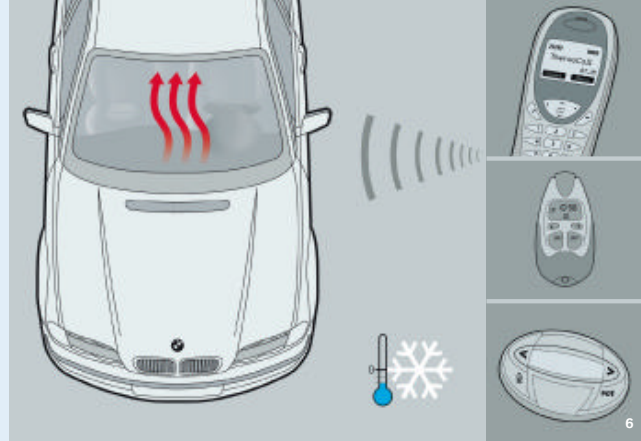

Aluminium line floor mat (Fig. 7)

Velour floor mat (Fig. 8)

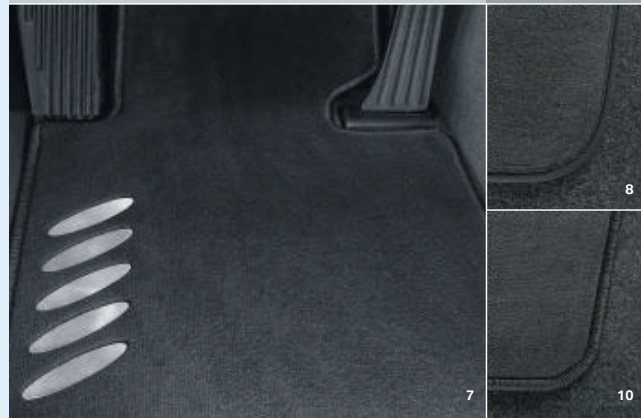

Country floor mat (Fig. 9)

City floor mat (Fig. 10)

Rubber floor mat (Fig. 11)

6

7

10

11

A stunning blend of sportiness and style. M interior accessories.

1 M leather-covered sport steering wheel, black
With and without multifunction option. Diameter 375 mm.

1 M interior trim strips
Accentuate the sporty feel of the BMW 3 Series. Available in **Black Cube aluminium** (Fig. 1), **Cube Silver aluminium** (see p. 27) and **eucalyptus malt** (see p. 29). The trim option comprises interior trim strips for the dashboard, centre console and doors.

1+2 M gear lever knob
This black leather-covered gear lever knob has an illuminated M emblem.

3 M door entry strips
An ideal complement to the M aerodynamic components.

4 M aluminium footrest
Adds a bold touch in the footwell.

Rely on your feel for the open road.

And on BMW's mobile communication solutions.

1 Professional navigation system

With 16:9 on-board monitor. Uses GPS to direct you swiftly and accurately to your destination. A **splitscreen function** enables you to display the route map – in different scales – and direction arrows simultaneously. Guidance by means of voice instructions is possible at all times. The dynamic route guidance system suggests an alternative route when the radio receives information on traffic congestion via TMC.

Digital roadmaps (not shown)

The computer uses digital roadmaps to work out the most suitable route in no time at all. Available as a **DVD, CD or CD set** in eight country versions.

2 TV function

Enables both analogue and digital (DVB-T) TV programmes to be watched in brilliant picture quality. This function can only be used when the car is stationary. It is operated via the on-board monitor.

3 BMW DVD system

The BMW DVD system allows you to play DVDs as well as audio CDs and MP3 files from disc. Devices such as games consoles and video cameras can also be easily connected via the Chinch input. The console is securely mounted in the roof lining of the vehicle and is positioned level with the driver's and front passenger seats. The monitor is non-reflective from every angle and provides a brilliant picture. An infrared remote control and two sets of cordless stereo headphones are supplied with the system.

1 Bluetooth hands-free kit

Suitable for most Nokia, Motorola and Sony Ericsson mobile phones. Includes a phone-specific and easily interchangeable **snap-in adapter**, which allows drivers to make calls with their mobiles while driving. The phone is also recharged at the same time. Includes an external aerial which improves reception, and ensures that radiation is dissipated outside of the car.

2 Universal hands-free kit

Suitable for use with mobile phones made by Motorola, Nokia and Sony Ericsson. An easily interchangeable cradle enables drivers to make calls from their mobile phone while driving, via the hands-free kit. The phone is automatically recharged when it is plugged in. The telephone console is easy to access and located in the driver's field of vision, so the keypad of the phone can be used without difficulty. Voice output is through the car's loudspeakers.

3 iPod interface

Enjoy all your favourite music on the road. The interface connects the iPod directly to your vehicle's audio system, allowing you to select five individual playlists – as well as skip track and shuffle functions – by quickly and easily using the BMW radio or the multifunction steering wheel. The iPod is stored securely in the glovebox and the battery is charged during playback through the vehicle's electrical system.

4 CD/DVD storage sleeve

For easy attachment to the sun visor. Holds ten CDs or DVDs.

5 Cassette box

For four cassettes.

6 CD/DVD holder

For six CDs or DVDs.

7 CD changer

Fitted in the luggage compartment to save space. For six CDs.

8 BMW Business car radio

Offers the ultimate in audio pleasure. Further information on other car radios available on request.

Aux connection (not shown)

Permits connection of an additional CD, MC or MP3 player.

Aux connector cable (not shown)

With gold-plated 3.5-mm jack plug. Two lengths available.

9 BMW SoundModul

Opens up a whole new world of sound. This is made possible by a specially developed high-performance amplifier (4 x 50 W output), large-capacity speakers and better frequency response. The BMW SoundModul is based on the BMW stereo system.

10 Subwoofer

Active subwoofer in housing with 160 mm long-throw speaker. With an output of 100 W and a frequency range of 22-100 Hz.

1

Whatever plans you have made,
you will always have enough space.

The BMW multifunction roof rack system has been designed exclusively for your BMW. All components have undergone stringent testing and satisfy even the highest BMW quality standards.

1 BMW roof box 320

Capacity: approx. 320 l. L x W x H: 225 x 55 x 37 cm. Including ski rests. With anti-theft triple central locking. Available in silver and black.

2 BMW roof box 460

Capacity: approx. 460 l. L x W x H: 230 x 82 x 37 cm. Including ski rests. Convenient and easy loading thanks to an innovative system that allows it to be opened from both sides (see p. 48, Fig. 2) with anti-theft triple central locking on both sides for added security. Available in silver or black.

2

1+2 BMW roof box 350

Capacity: approx. 350 l. L x W x H: 140 x 90 x 39 cm. Loading is convenient and easy, thanks to an innovative system (Fig. 2) that allows it to be opened from both sides. With anti-theft triple central locking on both sides. Available in silver.

3 Universal lift and adapter for roof boxes

The simple way to fit and remove all BMW roof boxes. Helps to save space by storing the roof box under the garage roof.

4 Ski and snowboard holder, lockable

Suitable for either two skis and two snowboards, or up to six pairs of skis. Also has space for ski poles.

5 Surfboard holder

With board supports made of impact-resistant plastic and integrated mast carrier, strap eyelets and tensioning straps.

6 Universal holder

Provides secure support even for large, bulky items. Consists of four versatile adjustable holders, two tensioning straps and four strap eyelets.

7 Luggage rack

Offers a large load-carrying capacity. Made from lightweight high-strength aluminium.

8 BMW base support system

Maximum permissible roof load: 75 kg. The base support arms are made of high-strength aluminium tubing. The BMW base support system with anti-theft locks complies with the most stringent safety requirements. It is also available for cars with a roof railing (see p. 46).

1 Bicycle lift

Allows a bicycle to be effortlessly lifted onto the roof rack and removed again. Suitable for different bicycle sizes.

2 Racing cycle holder, lockable

Suitable for racing cycles with quick-release skewers on the front wheel. A holder for securing the front wheel to the base support system is also available.

3 Touring cycle holder, lockable

A robust attachment for transporting a bicycle with a frame diameter of 25 to 80 mm, also suitable for mountain bikes. A **single locking set** for fitting up to four touring cycle holders on the base support system is also available.

Trailer tow hitch (not shown)

Depending on the model, the trailer tow hitch is approved for towing trailer weights of up to 2,275 kg (with a nose weight of up to 75 kg). Available with fixed or removable tow ball. When the tow ball is removed, the trailer tow hitch is not visible.

4 Bicycle holder for the trailer tow hitch, lockable

The bicycle holder and bicycles are secured against theft. For transporting one or two bicycles. An **extension set** for a third bicycle is available.

5 Loading sill protective mat

The padded mat is made of an anti-slip material, and it can be folded out over the loading sill as required. It protects the loading sill from damage during loading/unloading of the vehicle. When folded out, it provides a place to sit.

6 Anti-slip mat

Prevents objects from sliding around.

7 Luggage compartment tie-down straps

Two tear-resistant straps secure items in the luggage compartment quickly and safely. Available with two different fastening mechanisms.

8 Luggage compartment floor net

Secures objects of varying sizes quickly and safely. Secured to the eyelets that are prefitted to the floor.

9 Protective bootspace cover

Separable protective cover for the bootspace or luggage compartment.

10 Luggage compartment tray

Shatter-proof, acid-proof and impact-resistant. The tray seamlessly lines the luggage compartment floor.

11 Fitted luggage compartment mat

Non-slip, precision-fit mat made of durable plastic. Oil- and solvent-resistant.

Multifix system (not shown)

Special brackets with non-slip finish.

12 Collapsible box

Waterproof and quick to assemble. For loads of up to 20 kg. Available in two different sizes.

1

2

1 Luggage compartment grille partition

Black, anodized metal grille, secured between the rear seating and the luggage compartment. For the BMW 3 Series Touring.

2 Coat-hanger

Can be easily attached to the headrest and removed again.

3 Bag for variable storage tray

For ensuring items are stored safely in the variable storage tray of the BMW 3 Series Compact.

4 Seat-back storage pocket

Containing compartments of different sizes, this neat storage pocket matches the dimensions of the front seats precisely, and can be fitted on either the driver or passenger side. It is the perfect place to store small items such as children's toys.

5 Umbrella bag

With matching BMW umbrella. Installed in the front passenger footwell for ease of use.

6 Clean bag

This textile bag with a removable plastic liner can be attached to the nets on the seat backs in a matter of seconds.

7 Net for seat back

Provides additional storage space in the rear.

8 Protective rear cover

Cover made from waterproof, dirt-repellent imitation leather and attached by fitting over the front and rear headrests. Protects the door panels on both sides.

9 Coolbag

CFC-free electric cooler which cools its contents to approx. 20°C below the temperature inside the car. Capacity: 14 l.

10 Skibag

Simple storage of the skis through the opening in the rear seat bench. It is accessed via the luggage compartment and can be stowed away behind the rear centre armrest to save space.

5

6

7

8

9

10

Safety is a reassuring feeling. You will sense this straight away
with the accessories for the BMW 3 Series.

BMW child seats are upholstered in breathable fabric, and offer outstanding comfort, safety and ease of use. They are available in a choice of a Formula 1 design or various colours, embroidered with the BMW logo.

1 BMW baby seat 0+, with/without ISOFIX

Designed for children weighing between 3 and 13 kg (aged up to around 18 months). A seat reducer is also available. The baby seat shell is mounted either on the front passenger seat (provided the airbag is deactivated), or facing away from the direction of travel on the rear seat. It can easily be detached from the reboard frame, so it can be used separately as a carrycot. With detachable sun screen.

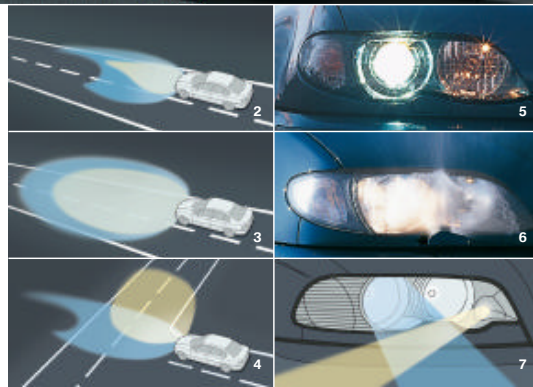

2+3 BMW Junior Seat I-II, with/without ISOFIX

Suitable for children weighing from 9 to 25 kg (aged approx. 9 months to 7 years). This seat features a height-adjustable seat back, and a restraint cushion (Fig. 2). The use of the ISOFIX function is permitted for children weighing up to 18 kg. Children weighing more than this should be secured without the restraint cushion, using the seat belt (Fig. 3).

4 BMW Junior Seat II-III

Suitable for children weighing 15 to 36 kg (aged approx. 3 to 12 years). The seat can be quickly and easily secured in place with the three-point belt. The height of the seat and position of the headrest and side bolsters are manually adjustable, and the seat offers excellent lateral support. The recline position makes the BMW junior seat II-III ideal for long journeys, and the removable cover is machine-washable. A rucksack to carry the seat when not in use is available separately.

1+3 Additional xenon main beam headlights

Throw a bright, far-reaching and uniform beam onto the road and the edge of the road. Suitable for models without bi-xenon headlights. The additional xenon main beam headlights replace the fog lights.

2+3 Bi-xenon headlights for BMW 3 Series models manufactured from September 2001 onwards

Illuminate the road and the edge of the road clearly, evenly and over a broad area, and feature automatic headlight range adjuster. With powerful long-life bulbs for both for dipped beam (Fig. 2, blue area in illustration) and main beam headlights (Fig. 3, blue area in illustration). Only available in conjunction with the headlight washer system.

2+5 Xenon headlights for BMW 3 Series models manufactured up to September 2001

Dipped beam headlights with high luminous power and long service life. Only available in conjunction with the headlight washer system.

4+7 Turning light

An additional halogen headlight set in the front headlight unit which supplements the main headlights at crossroads or when cornering to provide better illumination. Traffic situations and potential dangers can be detected earlier thanks to this innovative light technology.

Fog lights (not shown)

Throw a wider beam onto the road and also reduce backglare.

6 Headlight washer system

Clean headlights ensure that the road is optimally illuminated at all times.

8 Rear-view mirror

Automatic anti-dazzle function operates when light from vehicles travelling behind hits the mirror. With a digital compass, which indicates the direction in a 45° scale, and with a universal remote control, which activates for example garage door openers, alarms or door locking systems at the touch of a button. Also available with either the compass or remote control only.

9 Wing mirrors for trailer towing

Vibration-free thanks to a special holder.

10 Rear View Camera

Ensures maximum safety when reversing. As soon as reverse gear is selected, the area behind the vehicle is filmed by a 131° wide-angle camera mounted in the luggage compartment lid. The feed from the camera is shown on the on-board monitor.

11+12 Side View Camera

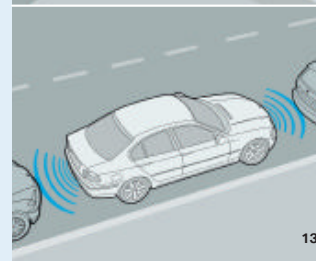

For safe turning at road junctions with poor visibility. A camera and a special glass prism record the cross-traffic (see Fig. 11, blue area in illustration) and show the image on the on-board monitor. The camera is located in the middle of the car under the bumper.

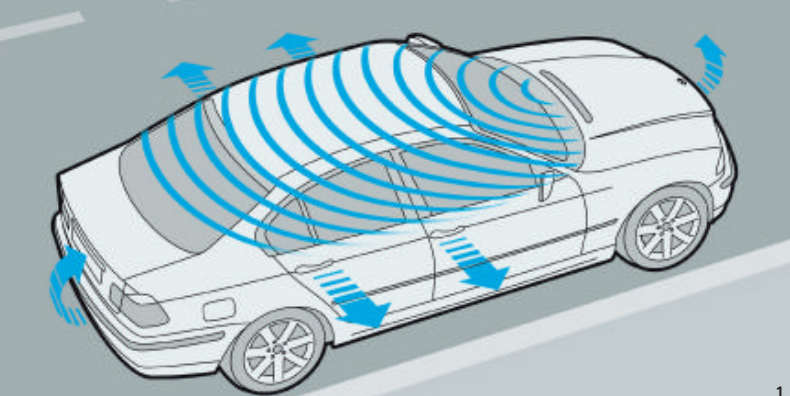

Park Distance Control I (not shown)

Makes parking and manoeuvring easier in tight spaces. Four sensors detect obstacles that are closer than approximately 1.5 m, and an acoustic warning informs drivers of the distance between the obstacle and the car. The Park Distance Control sensors are built into the rear bumper.

13 Park Distance Control II

The Park Distance Control II sensors are built into the number plate holders, and can detect obstacles at a range of approximately 1.5 m. There are two sensors at the front and four at the rear, making parking and manoeuvring easier. Also available for front only and rear only.

1

2

3

4

5

6

7

8

9

10

1 Alarm system

Electronic monitoring system which responds to any unauthorized opening of the doors and engine/luggage compartments with acoustic and visual alarms. Can be activated and deactivated by remote control.

2 Dog safety harness

Suitable for securing dogs on the rear bench seats, thereby enhancing passenger protection. A lead can also be secured to a metal ring. Available in three sizes.

3 Suspension cross-brace

In addition to visually enhancing the engine compartment, the suspension cross-brace provides extra rigidity in the front area of the car.

4 Powder-type fire extinguisher

5 Fuel canister in the spare wheel

Snugly fits into the recess in the spare wheel.

6 Mobility kit

Kit consisting of pump, tyre gel, gloves and valve adapters.

7 Warning jacket

8 Solaris

Protects the car battery against discharge when the sun shines. It is placed on the dashboard and connected to the car battery via the cigarette lighter.

9 Wheel bolt locks

The wheel bolts offer excellent protection against theft, thanks to a unique design which means they can only be removed with the special BMW tool that is supplied as part of the package.

10 On-board computer

Provides information such as average fuel consumption, range, average speed, outside temperature, time and date.

Firstaid box (not shown)

Warning triangle (not shown)

Carjack set (not shown)

Incl. torque wrench with tightening torque specially preset for BMW wheels.

11-13 Car covers

These breathable, washable car covers with BMW lettering are easy to handle and tailored to the individual model variants. Silver in colour, the **outdoor car cover** is heatproof, water- and dirt-repellent, and features several ventilation openings. Available for the whole car (Fig. 11) or for the windscreen and front windows only (Fig. 13). The **indoor car cover** for the BMW 3 Series Convertible (Fig. 12) is made of antistatic, easy-stretch material.

Electric rodent protection (not shown)

Works like an electric cattle fence. It has been recognized as the most effective method of preventing rodent damage.

Tow bar/tow cable (not shown)

Ice scraper/windscreen cleaner (not shown)

Both with telescopic handle.

Jump leads in Original BMW pouch (not shown)

With electronic protective circuit.

Original BMW CareProducts – a sparkling performance.

Original BMW CareProducts are specially designed to be used with all the high-quality materials of which your BMW is made. These cleaning and care products will ensure that the glass on your BMW always keeps its sparkle, the paint keeps its lustre, the leather keeps its softness, the plastic keeps its smoothness, and the textiles keep their condition. And by minimizing material wear, Original BMW CareProducts also help to minimize depreciation. Why not see for yourself?

The right accessories,
the right service.

The excellence of BMW cars is matched only by the quality of its service. When you visit your BMW dealer, you can expect expert professional advice from highly trained staff working with the very latest in diagnostic technology. All work on your car – from the fitting of accessories to the retouching of paintwork – will be carried out to the highest quality and environmental standards, and BMW's global dealer network means help is always at hand, wherever you are in the world. Because the quality of service you get off the road should be as memorable as the Sheer Driving Pleasure you get on it.

For more information on what is available from BMW Service, please contact your BMW Service Centre, or visit www.bmw.com
