Original BMW accessories.

You can recognize an Original BMW alloy wheel at first glance. What you cannot see immediately is that every alloy wheel has undergone exceptionally rigorous and comprehensive testing prior to its volume production launch in order to guarantee the correct material quality and to ensure that each wheel conforms to the highest standards in terms of its functionality. Because an Original BMW alloy wheel doesn't just have dazzling looks but also provides equally excellent driving and handling performance.

**1 Cross spoke 177**

20-inch, cast. Available in conjunction with the flared wheel arch.

**2 V spoke 168**

20-inch, cast. Available in conjunction with the flared wheel arch.

**3 Star spoke 132**

19-inch, cast.

**4 Double spoke composite wheel 75**

19-inch, casting/rolling technology. Two-part with titanium bolt. Burnished rim flange.

**5 Star spoke 87**

20-inch, cast. Available in conjunction with the flared wheel arch.

**Wheel bolt locks** (see p. 5)

The special BMW locks offer excellent protection against theft. Bolts can only be removed using a special tool, which is supplied as standard with the wheels.

**5 Rear lights**

The new-design rear lights lend the rear end of your vehicle a modern and expressive appearance. For vehicles manufactured up to October 2003.

**1 Star spoke 153**

18-inch, cast.

**2 V spoke 130**

17-inch, cast.

**3 Y spoke 183**

18-inch, cast.

**4 Star spoke 57**

17-inch, cast.

**5 Mud flaps**

Protect your vehicle and the car behind you against dirt and loose chippings. Available for both front and rear wheels.

**6 Snow chains**

The snow chains have been specially adapted for use with BMW tyres. They are easy to fit, and offer optimum grip on snow and ice.

1

2

3

#### **1 Underride protection**

Prevents damage to the engine area, radiator and underbody.

#### **1 + 4 Y spoke 131**

18-inch, cast.

#### **1 + 4 Aerodynamic kit**

Front and rear aprons, side skirts and flared wheel arches accentuate the strikingly sporty appearance of the BMW X5. Its dynamic contours can be enhanced still further with the optional **body side panels**. For vehicles manufactured up to October 2003, see p. 7, Fig. 5.

#### **1 + 4 White direction indicators**

These are available for front, rear and sides and emphasize the unique lines of the BMW X5.

#### **1 + 4 Roof railing**

Perfectly matched to the overall design of the BMW X5.

#### **Additional headlights on roof railing** (not shown)

The black headlight support is attached to the roof railing. For vehicles manufactured up to October 2003.

#### **2, 3 + 5 Titanium Line exterior trim**

The Titanium Line exterior trim is particularly eye-catching. This includes the longitudinal bars of the kidney grille, the two wing mirror housings and the handle trim on the tailgate, all in titanium. For vehicles manufactured up to October 2003.

#### **4 + 7 Sport rear silencer**

Reinforces the powerful sound of the BMW X5. With mirror-finish stainless steel twin tailpipes left and right.

#### **6 Aluminium running boards**

Broadened step surface made of brushed and anodized aluminium. For vehicles without aerodynamic kit.

4

5

6

7

10  
11

#### **1 + 3 Interior trim strips in graphite metallic**

Lending the interior a look of uncluttered modernity. This option consists of trim strips for the dashboard, the centre console and the doors. These are complemented by a **leather-covered gear lever knob with decorative strip in graphite metallic** (not shown) or a **leather-covered selector lever grip with decorative strip in graphite metallic** (Fig. 1).

#### **1 Leather-covered sport steering wheel with decorative trim in black**

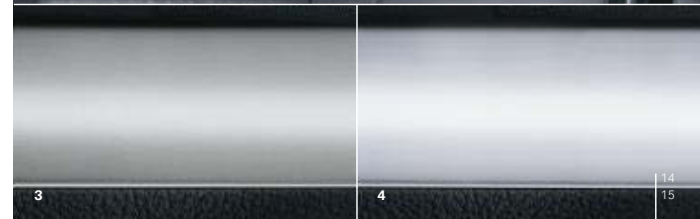

With multifunction option. The decorative trim is finished in black soft paint. Also available with steering wheel heating.

#### **2 + 4 Interior trim strips in titanium**

Lend the vehicle interior a high-tech, ultramodern feel. This option consists of interior trim strips for the dashboard, the centre console and the doors. These are complemented by a **leather-covered selector lever grip with decorative strip in titanium** (Fig. 2) or a **leather-covered gear lever knob with decorative strip in titanium** (see p. 19).

#### **2 Leather-covered sport steering wheel with decorative trim in titanium**

With multifunction option.

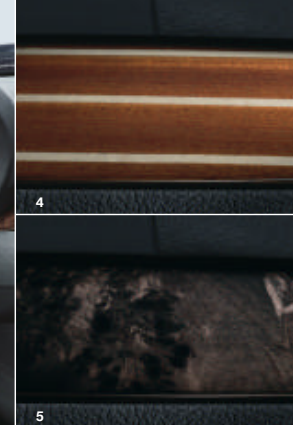

**1 Wood/leather-covered sport steering wheel**  
Available in **light poplar** (see p. 12) or **dark poplar** (Fig. 1).

**1, 4 - 7 Interior trim strips in fine wood**  
The exclusive, expertly crafted trim in fine wood comprises trim strips for the dashboard, centre console and doors. It is available in **maritime mahogany** (Fig. 4), **smoke-grey poplar** (Fig. 5), **natural poplar** (Fig. 6), **light poplar** (Fig. 7) and **dark poplar** (Fig. 1).

**2 Leather-covered sport steering wheel with decorative trim in fine wood**  
Available in **dark poplar** (Fig. 2) and **light poplar** (see Fig. 7) variants. With multifunction option.

**3 Multifunction option for leather-covered steering wheel**  
Operation of cruise control, radio and telephone from the steering wheel.

**1** Leather-covered gear lever knob, black

**2** Leather-covered gear lever knob with decorative strip in titanium

Leather-covered gear lever knob with decorative strip in graphite metallic (not shown)

**3 - 6** Leather-covered gear lever knob with decorative strip in fine wood

Available in **natural poplar** (Fig. 3), **light poplar** (Fig. 4), **smoke-grey poplar** (Fig. 5), **dark poplar** (see Fig. 9) or **maritime mahogany** (Fig. 6).

**7** Leather-covered selector lever grip, black

Leather-covered selector lever grip with decorative strip in graphite metallic (see p. 15)

Leather-covered selector lever grip with decorative strip in titanium (see p. 15)

**8 - 10** Leather-covered selector lever grip with decorative strip in fine wood

Available in **light poplar** (see Fig. 4), **smoke-grey poplar** (see Fig. 5), **natural poplar** (Fig. 8), **dark poplar** (Fig. 9) and **maritime mahogany** (Fig. 10).

#### 1 Sport seat

Seat height, seat inclination and thigh support can be individually adjusted. Side bolsters hold the occupant firmly in place, even when cornering.

#### 2 Comfort seat

Available for driver and front passenger. The tilt of the upper third of the seat back, the headrest and the thigh support can be electrically adjusted. With memory function for driver's seat, front passenger seat, wing mirrors and steering column.

#### 3 Seat covers

To perfectly match the interior of your vehicle.

**BMW Design seat cover** (Fig. 3)

**Sheepskin seat cover** (not shown)

#### 4 Leather trim

In addition to meticulous tanning, exceptional suppleness is also an essential quality of the leather trim. The front seats, rear seat bench and headrests are upholstered in high-quality leather. Available in various colours.

#### 5 Belt holder

Attaches quickly and simply to the headrest bars, ensuring the belt is easily reachable in any sitting position.

#### Belt extension (not shown)

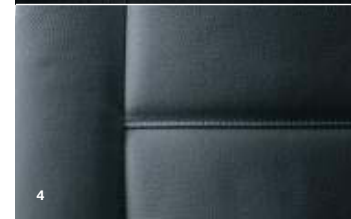

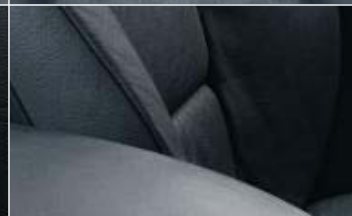

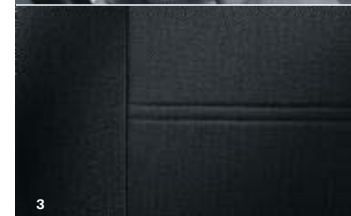

The front seat belts can be extended by up to 20 cm.

#### 6 Drinks holder

At the rear of the centre console. For rear passengers.

#### 7 Front armrest

Enhances driver and front-passenger comfort. The movable fold-up armrest provides an additional storage option.

#### 1 Aluminium pedal pads

Sporty looks, and extra grip for the feet.

#### 1 Aluminium footrest

Adds a further bold touch in the footwell.

#### 1 - 3 Floor mats

Dirt-repellent, water-resistant and perfectly fitted. Available in anthracite, beige and grey.

**City floor mat** (Fig. 1)

**Velour floor mat** (not shown)

**Rubber floor mat** (Fig. 2)

**Country floor mat** (not shown)

**Maritime floor mat** (Fig. 3)

#### 4 Sun screen

The sun blinds can be quickly and easily attached to the rear window and to the luggage compartment side windows. When they are not needed, they can be stowed away in the pouch provided to save space.

#### 5 Independent heating

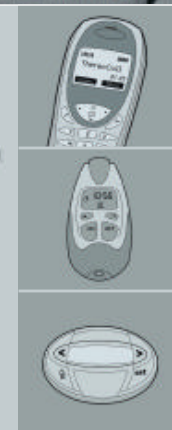

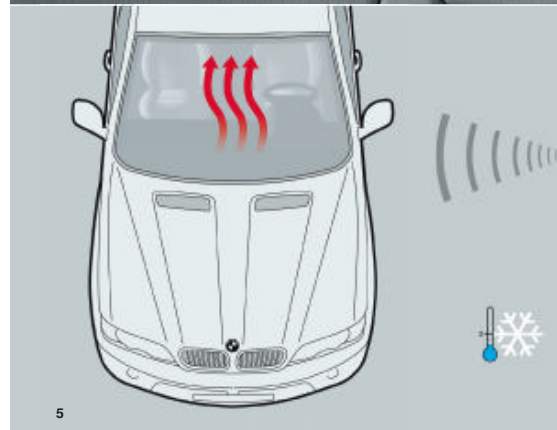

Generates comfortable warmth inside the vehicle before you start a journey in the winter months. During the startup phase the engine is protected and fuel consumption reduced by the preheated cooling circuit. Can be switched on with **ThermoCall, on-board computer/multi-information display, remote control** and **multifunction clock**.

#### 6 Torch

With magnifying glass. This small torch with rechargeable battery can be connected to the cigarette lighter and charged.

#### 7 Halogen reading lamp

Suitable for map reading. The bending arm allows you to adjust the light beam in any direction.

### 1 + 2 Professional navigation system

With 16:9 on-board monitor. Uses GPS to direct you swiftly and accurately to your destination. Guidance is provided by voice instructions and route maps or directional arrows. The **splitscreen function** (Fig. 2) enables information from two sources – for example, the navigation system and the radio menu – to be displayed at the same time, and the dynamic route guidance system suggests an alternative route when the radio receives information on traffic congestion via TMC.

### Voice input system (not shown)

Voice input for the Professional navigation system makes life easier for the driver, enhancing safety, convenience and ease of use.

### Digital roadmaps (not shown)

The computer uses digital roadmaps to work out the route in no time at all. Available as a **DVD, CD or CD set** in eight country versions.

### 3 TV function

Depending on the vehicle's equipment levels, analogue and digital (DVB-T) TV programmes can be watched on the on-board monitor. The TV function can only be activated when the vehicle is stationary, and operation is via the on-board monitor. Passengers in the rear seats can watch digital TV programmes on the monitors of the **BMW Advanced** and **BMW Portable DVD systems** even during the journey, thanks to the **DVB-T set-top box**. The system is operated via infrared remote control. Detailed information available on request.

### BMW DVD system for the on-board monitor (not shown)

With a multimedia changer that plays video DVDs and displays digital photos stored on CD on the on-board monitor (see Fig. 3). Audio playback is through the BMW radio loudspeakers. Operated via infrared remote control. Can only be used when the vehicle is stationary.

### 4 BMW Professional CD radio

Offers the ultimate in audio pleasure. More detailed information on this and other car radios available on request.

### 5 BMW Portable DVD system

A docking station built into the roof lining between the two front seats accommodates the portable DVD player. The system is equipped with a 10.2-inch TFT colour monitor, and can easily be removed for use at home or elsewhere. DVDs and photographs on CD can be viewed in stunning quality, and MP3 and WMA files stored on CD can also be played. An AV socket allows the connection of such devices as games consoles or video cameras. Two cordless stereo headphones, an infrared remote control, a carrier pouch and a power pack are all supplied as standard with the system. Depending on the equipment package chosen, there is also the option of outputting audio through the BMW radio loudspeakers.

### 6 BMW Advanced DVD system

Comprises two 7-inch colour monitors built into the backs of the front seats. A 6-slot multimedia changer for playing DVDs, audio CDs (incl. MP3 format) and viewing digital photos is built into the luggage compartment (alternatively, the multimedia changer may instead be fitted in the rear of the passenger compartment). An AV socket also allows the connection of a device such as a games console or a video camera. The tilting monitors help to provide a brilliant picture, are nonreflective from every angle, and can also be operated separately. The system comes with two cordless stereo headphone sets and two infrared remote controls. Dependent on the equipment package chosen, audio can also be output through the BMW radio loudspeakers, with video playback on the on-board monitor.

#### 1 iPod interface

Enjoy all your favourite music on the road. The interface connects the iPod directly to your vehicle's audio system, allowing you to select five individual playlists – as well as functions such as skip track and shuffle – by quickly and easily using the BMW radio or the multifunction steering wheel. The iPod is stored securely in the glovebox, and the battery is charged during playback through the vehicle's electrical system.

#### 2 CD changer

Fitted in the luggage compartment to save space. For six CDs.

#### 3 CD/DVD holder

In the centre console. For six CDs or DVDs.

#### 4 CD/DVD storage sleeve

For easy attachment to the sun visor. Holds ten CDs or DVDs.

#### Cassette box (not shown)

In the centre console. For six cassettes.

#### Aux connection (not shown)

Permits connection of an additional CD, MC or MP3 player.

#### Aux connector cable (not shown)

With gold-plated 3.5-mm jack plug. Two lengths available.

#### 5 BMW SoundModul

Opens up a whole new world of sound, thanks to a specially developed high-performance amplifier with a music output of 4 x 50 W, powerful speakers and enhanced frequency performance. The BMW SoundModul is based on the BMW stereo system.

#### Active subwoofer (not shown)

With two 160-mm long-throw speakers. 100 W music output in the frequency range 22-100 Hz.

#### 6 BMW Professional car phone

This built-in Professional car phone allows drivers to make calls using the hands-free kit and to send text (SMS) messages. It features a Bluetooth interface, is dual-band-compatible and has a cordless handset. Operated via the on-board monitor, the multifunction steering wheel or the optional **voice input system**. Where the Professional navigation system is fitted as well, Professional car phone users have access to BMW Assist with its Telematic services, including emergency call, BMW roadside assistance, traffic information, enquiry services and messages from personal contacts.

#### Bumper aerial (not shown)

The concealed bumper aerial provides the best possible transmission and reception quality at all times.

#### 7 Universal hands-free kit

Suitable for use with all common Motorola, Nokia and Sony Ericsson mobile telephones. An easily interchangeable cradle allows drivers to make calls using their mobile phone and the hands-free kit. The handset automatically charges once inserted. The telephone console is easy to access and placed in the driver's field of vision, making it easy to operate the handset keypad. Voice output is through the vehicle's loudspeakers.

#### 8 Bluetooth hands-free kit

Compatible with most Nokia, Sony Ericsson and Motorola mobile phones. Using a phone-specific and easily interchangeable **snap-in adapter**, drivers can make calls on their phone via the hands-free kit and charge their phone at the same time. Operation of the hands-free kit can be handled via the on-board monitor, multifunction steering wheel or integrated voice control. An external aerial enhances telephone reception while dissipating any radiation outside of the vehicle's interior.

The BMW multifunction roof rack system has been designed exclusively for your BMW. All the components have undergone stringent testing to ensure they satisfy the highest BMW quality standards.

**1 BMW roof box 460**

Capacity: approx. 460 l. L x W x H: 230 x 82 x 37 cm. Convenient and easy loading thanks to an innovative system (see Fig. 3) that opens from both sides. Features anti-theft triple central locking on both sides for added peace of mind. Includes ski rests. Available in silver or black.

**2 + 3 BMW roof box 350**

Capacity: approx. 350 l. L x W x H: 140 x 90 x 39 cm. Convenient and easy loading thanks to an innovative system (Fig. 3) that opens from both sides. With anti-theft triple central locking on both sides. Available in silver.

**4 BMW roof box 320**

Capacity: approx. 320 l. L x W x H: 225 x 55 x 37 cm. Including ski rests. With anti-theft triple central locking. Available in silver and black.

**5 Universal lift and adapter for roof boxes**

The simple way to fit and remove all BMW roof boxes. Helps to save space by storing the roof box under the garage roof.

**6 Ski and snowboard holder, lockable**

Suitable for carrying two snowboards and two pairs of skis, or up to six pairs of skis. Poles can also be carried.

**7 Surfboard holder**

With board supports made of impact-resistant plastic, an integrated mast carrier, strap eyelets and tensioning straps.

**8 Luggage rack**

High load-carrying capacity. Made of lightweight, high-strength aluminium.

1

2

### 1 Bicycle holder for the trailer tow hitch, lockable

The bicycle holder and bicycles are secured against theft. For carrying one or two bicycles. An **extension set** for a third bicycle is available.

### Trailer tow hitch\* (not shown)

Depending on the model, the trailer tow hitch can support towed weights of up to 2,700 kg, or as much as 3,500 kg with special authorization (with a nose weight of up to 120 kg or 150 kg respectively). Includes trailer stability control. When the tow ball is removed, the trailer tow hitch is not visible.

### 2 Rear-mounted bicycle carrier

Suitable for carrying two bicycles. An **extension set** for a third bicycle is available. The rear-mounted carrier is fitted with special anti-theft bolts as well as lockable bicycle holders. The trailer tow hitch can still be used and the tailgate opened even when the rear-mounted carrier is fitted.

### 3 - 5 BMW base support system

Maximum permissible roof load: 100 kg. The support bars are made of high-strength aluminium profile tubing and are secured to the **roof railing**. This base support system with anti-theft locks satisfies the most stringent security requirements. Also available for vehicles without roof railing.

### Universal holder (not shown)

Provides secure support even for large, bulky items. Consists of four infinitely adjustable holders, two tensioning straps and four strap eyelets.

### 3 Bicycle lift

Allows a bicycle to be effortlessly lifted onto the roof rack and removed again. Suitable for different bicycle sizes.

### 4 Touring cycle holder, lockable

Robust attachment for transporting a bicycle with a frame diameter of 25 to 80 mm, also suitable for mountain bikes. A **single locking set** for fitting up to four touring cycle holders on the base support system is available.

### 5 Racing cycle holder, lockable

Suitable for racing cycles with quick-release skewers on the front wheel. A holder for securing the front wheel to the base support system is also available.

\*Not available in Australia.

3

4

5

34  
35

#### 1 Luggage net

Mounted along the loading sill. Prevents small items from falling out of the luggage compartment.

#### 1 Loading sill protective mat

This padded non-slip mat folds out over the loading sill to protect it against damage. It also provides a place to sit.

#### 2 Luggage compartment tie-down straps

Two tear-resistant tie-down straps secure items in the luggage compartment quickly and safely. Available with two different fastening mechanisms.

#### 3 Fitted luggage compartment mat

Non-slip, precision-fit mat made of durable plastic. Oil and solvent-resistant.

#### 4 Luggage compartment floor net

Secures objects of varying sizes quickly and safely. Attaches to the eyelets that are fitted as standard to the floor of the luggage compartment.

#### 5 Luggage compartment tray

Shatterproof, acid-proof and impact-resistant. Adjustable dividers allow you to store your equipment in separate areas.

#### 6 Removeable cargo platform

A solution that makes loading and unloading easier. Can hold up to 75 kg when pulled out.

#### 7 Protective bootspace cover

Separable protective cover for the bootspace or luggage compartment.

#### 8 Anti-slip mat

Prevents objects from sliding around.

#### 9 Collapsible box

Waterproof, quick to assemble, and held together with Velcro-type fasteners. For loads of up to 20 kg. Available in two different sizes.

#### Multifix system (not shown)

Special brackets with non-slip finish.

#### 10 Boot sill protector

In black. Protects the bumper from damage during loading and unloading.

#### 1 Luggage compartment grille partition

This black anodized metal grille is fitted between the rear seats and the luggage compartment, ensuring any items being transported in the boot are safely stowed.

#### 2 Coolbag

CFC-free electric cooler which chills its contents to approx. 20°C below the temperature inside the vehicle. Capacity: 14 l.

#### 3 Umbrella bag

With matching BMW umbrella. Installed in the front passenger footwell for ease of use.

#### 4 Clean bag

This textile bag with a removable plastic liner can be attached to the nets on the seat backs in a matter of seconds.

#### 5 Coat-hanger

Can be easily attached to the headrest and removed again.

#### 6 Seat-back storage pocket

Containing compartments of different sizes, this storage pocket matches the dimensions of the front seats precisely, and can be fitted on either the driver or passenger side. It is the perfect place to store small items. Available in black and lemon.

#### 7 Protective rear cover

Protects both the rear seat bench and door linings. Water- and dirt-repellent.

The BMW range of user-friendly child seats are all upholstered in breathable, moisture-wicking fabric, and offer outstanding ease of use and comfort. They are available in a choice of a Formula 1 design or various colours, and feature an embroidered BMW logo.

**1 BMW baby seat 0+, with/without ISOFIX**

Designed for children weighing between 3 and 13 kg (aged up to around 18 months). A seat reducer is also available. The baby seat shell is mounted facing away from the direction of travel, either on the rear seat, or, provided the airbag is deactivated, on the front passenger seat. The shell can be easily detached from the reboard frame, and used separately as a carrycot. With detachable sun screen.

**Passenger airbag deactivation (not shown)**

The passenger airbag can be deactivated with the ignition key. A warning light indicates when the airbag is not operational.

**2 + 3 BMW junior seat I-II, with/without ISOFIX**

Suitable for children weighing 9 to 25 kg (aged approx. 9 months to 7 years). The seat features a restraint cushion (Fig. 2) and a height-adjustable back. The use of the ISOFIX function is permitted for children weighing up to 18 kg. Children weighing more than this should be secured without the restraint cushion, using the seat belt (Fig. 3).

**4 BMW junior seat II-III**

Suitable for children weighing 15 to 36 kg (aged approx. 3 to 12 years). The seat can be quickly and easily secured in place with the three-point belt. The height of the seat and position of the headrest and side bolsters are manually adjustable, and the seat offers excellent lateral support. The recline position makes the BMW junior seat II-III ideal for long journeys, and the removable cover is machine-washable. A rucksack to carry the seat when not in use is available separately.

#### 1 + 2 Xenon headlights

Throw a bright, far-reaching and uniform beam onto the road and the edge of the road without dazzling oncoming traffic, including Automatic Headlight Levelling System\*. Dipped beam headlights (Fig. 2, blue area in illustration) are more powerful, and bulb life is significantly extended. Only available in conjunction with the headlight washer system. For vehicles manufactured up to October 2003.

#### 2 + 3 Bi-xenon headlights

Throw a bright, far-reaching and uniform beam onto the road and the edge of the road without dazzling the oncoming traffic. With Automatic Headlight Levelling System\*. For dipped beam (Fig. 2, blue area in illustration) and main beam headlights (Fig. 3, blue area in illustration). Only available in conjunction with the headlight washer system. For vehicles manufactured from October 2003 onwards.

#### 4 Turning/fog light

Combines the function of turning and fog lights in a single system. When the driver turns off or takes a sharp corner, one of the turning lights is automatically activated (blue area in illustration). This innovative lighting technology helps drivers to see potential dangers in plenty of time.

#### 5 Adaptive directional headlights

Electromechanically controlled headlights perfectly illuminate every corner as soon as the driver steers into it (blue area in illustration).

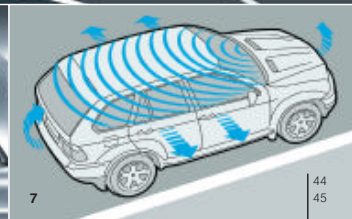

#### 6 Headlight washer system

Clean headlights ensure that the road is optimally illuminated at all times.

#### 7 Alarm system

Electronic monitoring system which responds to any unauthorized opening of the doors and engine/luggage compartments with acoustic and visual alarms. With remote control.

\*In Australia, this option must be installed in compliance with Australian design regulations.

1

2

4

3

5

#### 1 Rear View Camera

Ensures maximum safety when reversing. When reverse gear is selected, a 131-degree wide-angle camera in the luggage compartment lid starts filming the area behind the vehicle. The feed from the camera is shown on the on-board monitor.

#### 2 + 3 Side View Camera

For safe turning at junctions with poor visibility. A camera and a special prism glass record the cross-traffic (Fig. 3, blue area in illustration) and show the image on the on-board monitor. The camera is located in the middle of the vehicle under the bumper.

#### 4 Rear-view mirror

Automatic anti-dazzle function operates when light from vehicles travelling behind strikes the mirror. With a digital compass, which indicates the direction in a 45-degree scale, and with a universal remote control, which activates such devices as garage door openers, alarms or door locking systems at the touch of a button. Also available with compass only.

#### Wing mirrors with automatic anti-dazzle function (not shown)

This anti-dazzle function is automatically activated when the light in the wing mirrors reaches a certain level of intensity, and so prevents drivers from being dazzled by following vehicles. Wing mirrors can be retracted at the push of a button.

#### 5 Park Distance Control I

Makes parking and manoeuvring easier in tight spaces. Four sensors detect obstacles that are closer than approximately 1.5 m, and the driver is informed of the distance between obstacle and vehicle by an acoustic warning. The Park Distance Control sensors are built into the bumpers.

#### 5 Park Distance Control II

The Park Distance Control II sensors are built into the number plate holders, and can detect obstacles at a range of approximately 1.5 m. There are two at the front and four at the rear, making parking and manoeuvring easier. Also available for front only and rear only.

#### 6 Outdoor car cover

Washable and precisely tailored to the BMW X5. Easy to put on and take off. Silver in colour, the surface is heatproof and dirt and water-repellent. Available in two versions, one for the windscreen and front side windows only, and one for the whole vehicle, featuring ventilation openings and BMW lettering.

#### 7 Wing mirrors for trailer towing

Vibration-free thanks to special holders.

#### 8 Dog safety harness

Available in a choice of three sizes. It is designed to secure dogs on the rear seat bench, thereby enhancing the safety of passengers. A lead can also be attached to a metal ring.

#### 9 Solaris

Protects the battery against discharge when the sun shines. It is placed on the dashboard and connected to the battery via the cigarette lighter.

#### Warning jacket (not shown)

#### Warning triangle (not shown)

#### 10 Mobility kit

Kit consisting of pump, tyre gel, gloves and valve adapters.

#### First aid box (not shown)

#### Tow bar (not shown)

#### Ice scraper/windscreen cleaner (not shown)

Both with telescopic handle.

#### 11 Jump leads in Original BMW pouch

With electronic protective circuit.

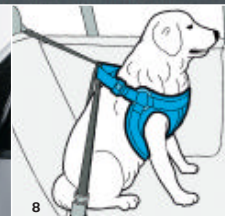

#### 12 Powder-type fire extinguisher

## Cleaning and care products from BMW – a sparkling performance.

An extensive range of cleaning and care products is available for your BMW, helping to keep it looking its best. All of them are environmentally friendly, and there are specific products to protect and care for all of the surfaces found in BMW cars, including leather, fabrics, plastics, glass and paint. All these products are easy to use, and keep materials in outstanding condition, so you can be proud to be seen in your BMW everywhere you go in it.

**A BMW should be a pleasure to drive, all year round.** And BMW's cleaning and care products ensure that it stays that way, for many years after you buy it. The range includes products to suit every task: sparkling rims and gleaming paint will maintain the exclusive look of your car – for example, rim cleaner gel keeps Original BMW alloy wheels free of brake

dust, while Original BMW hard wax with nano-technology keeps paintwork looking as good as it did in the showroom; its near molecular-size particles seal the paint up to 300 per cent more efficiently than products without nano-technology.

The use of carefully selected, high-quality materials in the interior of your BMW gives it an exclusive atmosphere, and cleaning and care products will ensure that it stays that way. They clean and care for its surfaces, so that you can, for example, enjoy the smell and texture of the characteristic leather upholstery for many years.

And in addition to keeping your BMW looking good, Original BMW CareProducts also keep you safe, with products designed to meet the

specific requirements of different times of the year. For example, Original BMW clear glass ensures that windscreens stay clean and smear-free, in summer and winter alike. It even smells good too.

**An overview of all the cleaning and care products available can be found in the index.**

The right accessories, the right service.

The excellence of BMW cars is matched only by the quality of its service. When you visit your BMW dealer, you can expect expert professional advice from highly trained staff working with the very latest in diagnostic technology. All work on your car – from the fitting of accessories to the retouching of paintwork – will be carried out to the highest quality and

environmental standards, and BMW's global dealer network means help is always at hand, wherever you are in the world. Because the quality of service you get off the road should be as memorable as the Sheer Driving Pleasure you get on it. For more information on what is available from BMW Service, please contact your BMW Service Centre, or visit [www.bmw.com](http://www.bmw.com)
